TENON : 1 SCONCE

Wall Sconce

A rectangular wall plate carries a single faceted arm that drops and turns outward to hold one raw-cut crystal in forged claws. The oversized wedged joint where arm meets plate is left visible: the connection is part of the composition. Hammer and file marks stay in the metal.

SIZE	22" H overall
CRYSTAL	4–5" raw quartz or amethyst, forged claws
MOUNTING	Standard 4" junction box, hardwired
LAMPING	One lamp behind the stone, dimmable, LED compatible
LISTING	UL dry location standard; damp or wet on request
FINISHES	Natural Brass / Clear Quartz · Blackened Steel / Amethyst
LEAD TIME	8–10 weeks

C2.01 · LIGHTING · MADE TO ORDER

TENON : 6

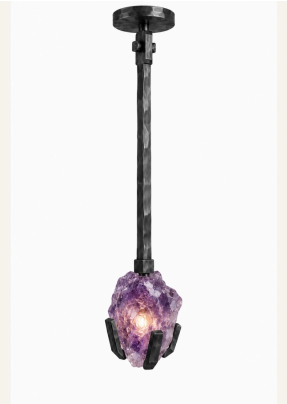

Six-Arm Chandelier

Three suspension braces meet a forged ring; six faceted arms reach out and down from it, each ending in a raw-cut crystal held in forged claws. Every joint is expressed. Scaled for a dining table or an entry, with a chain drop cut to the room.

SIZE	40" across, six lights
CRYSTAL	6 × 4–5" raw quartz or amethyst, forged claws
MOUNTING	Chain and canopy, drop cut to order
LAMPING	Six lamps, dimmable, LED compatible
LISTING	UL dry location standard; damp or wet on request

TENON : FLOOR

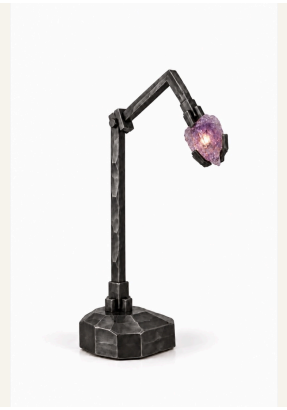

Floor Lamp

A heavy faceted octagonal base anchors a slim forged bar that rises and bends once at the top to hold a raw-cut crystal over a chair or a corner. The bend is fixed; the lamp holds its line.

SIZE	68" H overall
CRYSTAL	4–5" raw quartz or amethyst, forged claws
MOUNTING	Freestanding, cord with inline dimmer
LAMPING	One lamp behind the stone, dimmable, LED compatible
LISTING	UL dry location standard; damp or wet on request

M1.01 · MIRRORS · MADE TO ORDER

TENON : MIRROR

Wall Mirror

A rectangular frame of the same faceted forged bar used across the line. At each corner the bars cross in an oversized wedged joint and run slightly past the corner, so the joint reads as the ornament. Hangs portrait or landscape. No stone, no wiring.

SIZE	24" × 36"; also 30" × 48"
GLASS	1/4" mirror, 1" bevel
MOUNTING	French cleat, hangs portrait or landscape
FINISHES	Natural Brass · Blackened Steel
LEAD TIME	6–8 weeks

M2.01 · MIRRORS · MADE TO ORDER

TENON : ROUND MIRROR

Round Mirror with Stone

A ring of faceted forged bar around a flat-polished glass. At six o'clock a single oversized wedged joint holds a short arm that drops below the frame and ends in forged claws gripping one raw-cut crystal. The one mirror that carries the stone, so it reads as part of the lighting family.

SIZE	36" diameter
CRYSTAL	4–5" raw quartz or amethyst, forged claws
GLASS	1/4" mirror, flat polish
MOUNTING	Concealed cleat
FINISHES	Natural Brass / Clear Quartz · Blackened Steel / Amethyst
LEAD TIME	6–8 weeks

TENON : FLUSH

Flush Mount

A small faceted canopy, three short faceted standoffs and the forged ring from the chandelier, with three raw-cut crystals in forged claws hanging just below it. Eight inches of drop, so it works in hallways, bedrooms and anywhere a chandelier cannot.

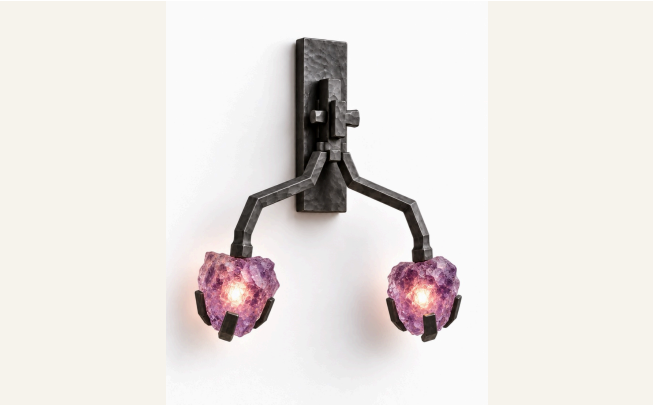

SIZE	14" across, 8" drop
CRYSTAL	3 × 4–5" raw quartz or amethyst, forged claws
MOUNTING	Standard 4" junction box, surface mounted
LAMPING	Three lamps, dimmable, LED compatible
LISTING	UL dry location standard; damp or wet on request

MADE TO ORDER

Every piece is built to order in the finish and size specified. 50% deposit to begin, balance before shipping. Lead times run from the cleared deposit and are confirmed in writing with the order.

FINISHES

Natural brass, blackened steel and bronze are living finishes, hand applied and changing with time. Satin brass, polished nickel and black lacquer are sealed and stay as delivered. Raw quartz and amethyst are natural; no two stones match.

LISTINGS

Lit pieces are wired and UL listed for dry locations as standard. Damp and wet listings on request. Installation by a licensed electrician to local code.
